GOOD NEWS FOR SINGLE MEN CONTEMPLATING MARRIAGE.

GONTEMPLATING MARRIAGE.

Hear what the Raltimore correspondent of the Oddbillow, Bounsboro', Maryland, said on Thursday, the Siasof May, 1860:

"Numerous cures of diseases caused by early indiscretion naving been performed by the English Botanic Physician, I feel it my duty, having a knowledge of them, to
state the fact, believing that in doing so I may do a services
to the suffering. One case in particular—that of a young
man is this city—is worthy of note. He had become the
victim of a habit, the mere allusion to which cames a
shudder, and after years of enifering and doctoring gave up
all hopes of recovery. He wished to marry, and was
dearly beloved by as sweet a girl as ever lisped words
of affection, but he was fearful, nervous, and prostrated.
He dared not wed on account of the shattered state
of his system. He sought relief at the hands of the Botanic Physician, and, actonishing as it may seem, all the
bloom and vigor of youth has returned, and he is new
the happy father of a pair of bright boys."

NEWS POR THE LADIES. A PREVENTIVE TO HAVE CHIL-

DREN. Hear what the Cincinnati Workly Press mys on the 6th of March, 1892:
We are decidely opposed to drugs and to advertised remedies for the prevention of having children, but we feel it our duty to acknowledge a benefit from any and from every source when it is for the relief of suffering humanity. A fact has come to our knowledge that ought to be promulgated and widely circulated for the

benefit of stone ladies whose delicate health makes is necessary to prevent any increase of family.

About twelve months after marriage, a lady of our asquaintance gave birth to a daughter, but her sufferings were so great that her physicians despaired of her recovery. This made her dread the very thoughts of again becoming a mother. She tried every thing to prevent a repetition ofher sufferings, but without succeeding. Two years after marriage she was again confined, but her sufferings were so great that the child died, and her own life was despaired of. She was told by her family physician that if she had any more children he feared her life would be the forfeit. As all the remedies she had tried before had failed, she applied to the Botanic Physician, Dr. BAPHAEL,

PREVENTIVE TO HAVE CHILDREN.

His remedies had the desired effect; they not only prevented her from having children, but they also improved her health. "To the pure, all this are pure."

The Botanic Physician's remedies can be recommended, because they are innocent and safe. They operate without causing sickness or exposure. They do not interfere with the diet or occupation. They do not injure the health, but they are certain in their effect.
